

## LOCKOUT TAGOUT SAFETY AWARENESS TRAINING COURSE

Our Lockout Tagout Safety Awareness Training Courses are conducted by highly qualified and experienced training instructors. Our Training Courses are delivered on-line, on-site at your location or you can attend one of our scheduled courses, with each session usually taking between 2 and 3 hours.

This course has been approved by Engineers Ireland and will give you a very good introduction to and appreciation of Lockout Tagout and your legal requirements.

### COURSE OVERVIEW:

The aim of our Lockout Tagout Safety Awareness Training Course is that personnel undertaking service or maintenance work on industrial equipment understand the importance of energy control and know how to apply energy isolation and Lockout Tagout in a practical manner.

### LEARNING OBJECTIVES:

On completion of the course you will have a very good understanding of:

- What is Lockout Tagout (LOTO)?
- Legal Requirements for LOTO
- Types of Lockout Devices
- Lockout Tagout Tailored Solutions
- Lockout Tagout Safety Programme
- Group Lockout
- Work Continuing Across a Shift
- Work Continuing over a number of days

On passing an examination, you will be issued with a Certificate of Completion. We are accredited by NSAI to ISO Standard 9001:2015 and are a Registered Training Provider with Engineers Ireland.

### COURSE CONTENT:

Our Lockout Tagout Safety Awareness Training Course syllabus is comprehensive and includes the following topics:

- What is Lockout Tagout?
- "Fatal Five" Main Causes of Injury
